PROFESSIONAL SUMMARY

Associate Software Engineer with hands-on experience in Java, Spring Boot, Spring Batch, Microservices, Oracle, SQL, OpenShift, and Git. Experienced in telecom billing migration, batch orchestration, product translation, application deployment, database validation, and troubleshooting. Currently working on MROM migration workflows, with prior experience supporting the Customer Communication Engine (CCE) across enterprise environments.

Experience

CGI information systems and management *(2025 -Present)*

Associate Software Engineer

MROM

- Worked on MROM, a service deployed on OpenShift (OCP) telecom billing migration and product translation workflows.
- Worked with Java, Spring Boot, Spring Batch, and Microservices, including batch orchestration, migration workflows, and application components.
- Managed MROM Batch Orchestrator activities including migration-cycle monitoring, batch-job triggering, execution monitoring, and retry handling for failed or long-running jobs.
- Performed Oracle SQL analysis, database validation, reference-table validation, to migration and translation workflows.
- Supported application deployment, defect analysis, troubleshooting, and issue investigation across application, batch, database, and OpenShift environments.

Customer Communication Engine

- Worked on the CCE enterprise application, supporting Java-based application architecture, modular workflows, and enterprise integrations.
- Managed application build, configuration, and deployment activities across DEV, SIT, and PROD environments.
- Participated in Dorval database migration activities, including environment updates, configuration changes, and database-related validations.
- Contributed to ELK Stack upgrades, Git version upgrades and repository migration, supporting improvements to the application development and operational environment.
- Configured and updated Grafana dashboards to support application visibility, log analysis, monitoring, and operational troubleshooting.

Education

- **Matrusri Engineering College, OU, Hyderabad, Telangana, India**
  Bachelor of Engineering in Electronics and Communication Engineering | **2019 – 2023**
- **Resonance Junior College, Khammam, Telangana, India**
  State Board of Intermediate Education | **2017 – 2019**
- **Gitanjali Vidyanikethan School, Khammam, Telangana, India**
  Board of Secondary Education, Telangana | **2016 – 2017**

Technical Skills

Programming: Java, Python, SQL, HTML, CSS

Backend: Core Java, Spring Boot, Spring Batch, Microservices, Batch Processing, REST APIs

Database: Oracle Database, SQL, SQLite, Database Validation

Frontend: React, Vite, Bootstrap, Streamlit

AI/GenAI: Generative AI, Prompt Engineering, RAG, LangChain, Hugging Face Transformers, Sentence Transformers, Embeddings, Semantic Search

DevOps & Tools: OpenShift (OCP), Git, Linux, PowerShell, Windows Task Scheduler, Eclipse, STS, VS Code

Monitoring: ELK Stack, Grafana, Logging

CERTIFICATIONS

- **Microsoft Certified: Azure AI Apps and Agents Developer Associate**
- Java Basic to Advanced
- Telecom 101
- Prompt Engineering
